<sup>1/</sup> The designated service agreement does not deviate in any material respect from the Form of Service Agreement contained in Transporter's Tariff.

<sup>2/</sup> Shipper, aware of the availability of a maximum recourse reservation rate, elects to pay a negotiated reservation rate of \$0.5700 Dth/day under Rate Schedule FT-1 of Millennium's Tariff, plus all applicable commodity charges, the FERC's annual charge adjustment, and all other surcharges in effect from time to time under Rate Schedule FT-1 of Millennium's Tariff. The charge(s) specified above is applicable to services during the entire term of the FT-1 Service Agreement, regardless of any otherwise applicable maximum recourse rate under Rate Schedule FT- 1.

<sup>3/</sup> The rates specified are also applicable to receipts and deliveries at all current in-path mainline receipt and delivery points (each a "Qualifying Secondary Point"). If Shipper uses any points other than a Qualifying Secondary Point, then Shipper shall pay the higher of the negotiated rate and Millennium's applicable maximum tariff rates solely with respect to those volumes that are received at or delivered to a point that is not a Qualifying Secondary Point. If Shipper shifts Primary Points or uses any points other than a Qualifying Secondary Point, then Shipper shall pay the higher of the negotiated rate and Millennium's applicable maximum tariff rates solely with respect to those volumes that are received at or delivered to a point that is not a Current Primary Point or a Qualifying Secondary Point.

<sup>4/</sup> One-time renewal option must be exercised on or before March 31, 2021. The renewal term will be either 1-year, 3-year or 5-year, at Shipper's election upon exercise of the renewal option.
