^{1/} The designated service agreement does not deviate in any material respect from the Form of Service Agreement contained in Transporter's Tariff.

^{2/} In lieu of Transporter's maximum tariff reservation and commodity rates, Shipper will pay a reservation charge of \$0.46/dth/day under Rate Schedule FT-1 of Millennium's Tariff, plus the FERC's annual charge adjustment, and all other surcharges in effect from time to time under Rate Schedule FT-1 of Millennium's Tariff. The charge(s) specified above is applicable to services during the entire term of the FT-1 Service Agreement, regardless of any otherwise applicable maximum recourse rate under Rate Schedule FT-1.

The rates specified above are also applicable to receipts and deliveries at all current secondary receipt and delivery points and all future mainline receipt and delivery points (each a "Qualifying Secondary Point"). If Shipper uses any points other than a Qualifying Secondary Point, then Shipper shall pay Millennium's applicable maximum tariff rates solely with respect to those volumes that are received at or delivered to a point that is not a Qualifying Secondary Point.

^{3/} The term of the Service Agreement is subject to Shipper's right to extend the agreement pursuant to Sections 3 and 7 of the Service Agreement.
